Biology Vocabulary-Semester 1 Week 1

WORD	Root Definition(s)	S	E	E	I	Connections
BIOLOGY *(example)*	Use Manual p. 7-8 here: *Bio-=life; living* *-logy=study of…*	State the definition-look it up using a source of authority (in your own words): *Biology is the study of living things and their environment.*	Elaborate (add more details or information): *Biology is learning about how living things interact with each other and their environment.*	Example (words OR a picture/ drawing): *Food webs show the relationship between living things in ecosystems.*	Illustrate (NOT a picture/drawing!! Use an analogy or metaphor): *Students taking Biology are like robots taking an engineering class.*	Draw connections between the word an other topics/terms you know: *Science, technology, chemistry, physics, science fiction.*
