

## **PARENTS/STUDENTS - IMPORTANT UPDATE ON STUDENT AND PARENT CONNECT:**

**Student Connection Updates:** Students can now click on a "**Forgot your Password**" link to generate a Temp Password to the email address that is connected to the student account. When Students are logged into Student Connection, they can enter/update their email addresses in the "My Account" link. Website remains the same: [student.gusd.net](http://student.gusd.net). Students that do not have a valid email address on file, please see Mrs. Gay in the library.

**Parent Connection Updates:** Parents can now click on "**Need Your Login Information**" link. This will generate BOTH PIN and TEMP PASSWORD. This will only work for a Parent Contact that has a valid email address in Q/Zangle. Website remains the same: [parent.gusd.net](http://parent.gusd.net). Parents that do not have a valid email on file, this information must be filed in person in the attendance office.
