GLENDALE UNIFIED SCHOOL DISTRICT

PREREQUISITE WAIVER

Student's Name _____ School _____

I.D. Number _____ Grade _____ Date _____

Your child, _____ has requested to enroll in the following course:
(Student's Name)

_____. In reviewing previous grades and coursework, it has been found that he/she does not meet the prerequisites for the course(s) or does not meet the recommendation of the CVHS department.

Prerequisite coursework provides the foundation for advanced study. Lacking preparation, students on waiver usually experience difficulty in meeting course requirements and seldom succeed in classes where the prerequisite has not been met. Most colleges accept only a grade of C or better in meeting entrance requirements. A grade of D or F does not transfer, and impacts overall grade point average on college admission.

Since the majority of students in the class have met the prerequisite requirement, the teacher will, of course, gear instruction to help those students meet the minimum standards for the class. Teachers, therefore, have a very limited amount of time to give remedial assistance to students on waiver. It must be understood that it is not the responsibility of the course instructor to provide remediation of the prerequisite skills.

If, after reviewing the above and discussing the matter with your son/daughter, you wish to have the student enroll in the course, we ask that you complete, sign, and return the waiver below to your student's school. Enrollment in the course will not be processed until your request in writing is received.

If you have further questions regarding this waiver, please contact your student's counselor.
